S.H.A.

Mr. P. C. Falconer President
of Toronto University
Toronto, Canada.

Dear Mr. Falconer,

I have received
the Presidents Report ending June
1915, and in the Notice of my Endowment
to the University there is an error in
regard to my husbands name. His
name was Pearson Kirkman Maylees
as all the Records at the University
will prove. There are other people
by the same name near here, one whose
first name is Kirkman. I do not want
to leave anything in a way that could
be misconstrued and I know full well

that you would not want me to and
I presume the mistake is made by
the Stenographer, as the envelope
last year was addressed in the
same way —

I thank you very much for sending
me the Record and I would like
to hear from you every year —

Wishing you and your family
many blessings. Warmly yours sincerely,

Mrs Pearson, R. Marfleet —

Prophetstown I.H. Feb 8, 1916.

Dear Mrs. Marfleet:

I regret very much to find that through an oversight the name of your husband is wrongly given in my report. It is, however, I am glad to say correctly put in the University Calendar, and I will see that such a slip does not occur again. You must be glad to know that already the lectureship has proved so successful.

I hope that you have had a pleasant winter and that you are keeping well. There has been a good deal of sickness in Toronto and we have not escaped in our own family.

With kind regards, I am,

Yours sincerely,

President.

Mrs. Pearson Kirkman Marfleet,

Prophetstown, Ill.
